Silent Observer Opportunity

- Requests for the opportunity to observe a site visit are made through a letter from the chief administrative officer (Dean/chief/chair) of the dental education program.
- Requests should be made, **at a minimum, a year in advance.**
- While the observer may request to observe a specific site visit, Commission staff will make the final determination based upon the site visit schedule and availability of observation opportunities.
- A program is provided **one opportunity to send one observer** to a site visit.
Further Preparation for Site Visit

• Silent Observer Opportunity
  – Available through CODA request process

• Mock Site Visit
  – NOT required by CODA

The Self-Study Process
The Self-Study

  - Assesses the effectiveness of the educational program
    - Is program meeting its goals and objectives?
    - Is the program in compliance with Accreditation Standards?
  - Identifies strengths and weaknesses of the program
  - Self-Study should be used as a tool for program improvement
For the Commission and Visiting Committee, the Self-Study Should:

• Provide site visitors with information about the program

• Ensure that the accrediting process is an essential component of program improvement, not just an external review

Reminder About Privacy and Data Security…

• The program’s documentation for CODA (self-study, application, or reports to CODA, for example) must NOT contain any sensitive personally identifiable information (“Sensitive Information” or “PII”) as outlined in “Privacy and Data Security Requirements for Institutions”. Similarly, such documentation must not contain any identifiable patient information (“PHI”); therefore, no “patient identifiers” may be included. This applies whether or not the program is required to comply with HIPAA.

• Before sending documents to CODA, appropriately redact all PII and all PHI, including all patient identifiers such that the PII/PHI and patient identifiers cannot be read or otherwise reconstructed.
  – Covering data with ink is not an appropriate means of removing data from a hard copy document and may sometimes be viewable when such documents are scanned to an electronic format.
Reminder About Privacy and Data Security…

• If PHI and/or PII is found, or if it is inappropriately or inadequately redacted:
  – The institution’s CEO, CAO, and HIPAA compliance officer, along with the program director, is notified of the CODA violation
  – The program is asked to send another electronic version of the self-study, minus the PHI or PII, to the visiting committee and the Commission office
  – **Program will be assessed administrative fee of $4,000**
Assembling and Distributing the Self-Study

- The Commission requires a complete electronic version of all documents
  - Consider linking appendices, manuals at appropriate places in the narrative
  - Links must be to areas where content is provided elsewhere in the submitted document, not to external source (like a website)

- Upload to CODA E-Portal at least 60 days prior to the site visit. Notify appropriate CODA manager and site visit team once upload is complete.
  - Contact CODA office for access to E-Portal. One (1) access granted per program, for the program director only. Do not circulate your login credentials

- Review Policy/Guidelines on Electronic Submission of Self-Study
Electronic Submission of Self-Study and Reports

• Reports must be saved or scanned as a **single document**, whenever possible.
• Electronic Submission guidelines have been revised to reflect submissions up to 100MB but it is suggested that you stay within the range of **50MB**, due to the new electronic management system of the Commission.
• Reports exceeding 100 MB must be split and scanned into the least number of documents (For example, a document of 150MB total document size must be split into 2, 75MB documents or 3, 50MB documents).
• Photographs, unless directly related to your report, should not be included (they may be mistaken as PHI/PII).
• Documents should be positioned so that they do not need to be rotated to view.
Electronic Submission of Self-Study and Reports, continued

• Submission of single page or single document electronic files is not acceptable.

• The program must scan or electronically combine the single documents to generate and submit the least number of documents which adhere to the file size limitation.
Web-based information

• The Commission must retain a snapshot of the information presented at the time of the submission of the report

• The *electronic report must not link to information on the Internet*

• Insert or “embed” all web-based information into the report
Electronic Submission of Self-Study and Reports, continued

• File Formats most typically used:
  – Adobe Portable Document Format (.pdf)

• See CODA Website for:
  – Electronic Submission Guidelines
  – Electronic Portal Access
  – Guidelines for Uploading Documents to Electronic Portal

Every effort should be made to ensure that the document is concise and contains only the information necessary to demonstrate compliance with the Accreditation Standards.

If sample completed forms that include fictitious Protected Health Information (PHI) or Personally Identifiable Information (PII) are included, you must mark the document “fictitious sample.” Otherwise, this could be identified as a violation of CODA policy (See Privacy and Data Security reminder at the end of the Guidelines document).
Electronic Submission of Self-Study and Reports, continued

• Do not include marketing brochures/documents, case studies, presentation materials, or examinations that include information which may be identified as PHI or PII (e.g., patient photos) even if the appropriate authorization or consent from the patient/person to release the information has been obtained.
  – Even with consent, this could be considered a violation of CODA policy.

• Photographs, unless directly related to your submission, should not be included. Further, photographs which require a photo wizard for viewing must not be included. Photos of patients must not be included.

• Do not submit any information that includes dates, which may be associated with a patient. These may be considered a violation of CODA policy.
Submission of Self-Study to E-Portal

• Do not place the self-study in any portal link other than the one labeled “Self-Study”. If this portal is closed, contact CODA staff to open it.

• Document uploads (self-study, exhibits, appendices and curriculum) must be reduced to the fewest number of documents possible (document size up to 100MB may be uploaded)

• Clearly name documents for easy identification and include submission date in the name (for example – Self Study Narrative 10.4.21)

• On-site documents loaded to the portal should be named as follows: “On Site_Description_Date”

• Do not click “Complete Application” so that the portal remains open for you through the site visit

• Please ensure all documents comply with CODA Privacy and Data Security Requirements for Institutions

• Please email CODA staff and site visit team when self-study has been uploaded to CODA e-portal
Self-Study Submission Process

- **To the CODA Office** – submitted via the E-portal.
  - Follow Guidelines for Electronic Submission for format and file size

  – Program must maintain compliance with all Standards during period of non-enrollment

• Interruption of Education
  – An interruption that requires a modification of the program, the curriculum, or takes faculty, administrators or students away from the program…
Reminder About Privacy and Data Security…

• The program’s documentation for CODA (self-study, application, or reports to CODA, for example) must NOT contain any sensitive personally identifiable information ("Sensitive Information" or "PII") as outlined in “Privacy and Data Security Requirements for Institutions”. Similarly, such documentation must not contain any identifiable patient information ("PHI"); therefore, no “patient identifiers” may be included. This applies whether or not the program is required to comply with HIPAA.

• Before sending documents to CODA, **appropriately redact all PII and all PHI**, including all patient identifiers such that the PII/PHI and patient identifiers cannot be read or otherwise reconstructed.
  – Covering data with ink is not an appropriate means of removing data from a hard copy document and may sometimes be viewable when such documents are scanned to an electronic format.
Reminder About Privacy and Data Security…

• If PHI and/or PII is found, or if it is inappropriately or inadequately redacted:
  – The institution’s CEO, CAO, and HIPAA compliance officer, along with the program director, is notified of the CODA violation
  – The program is asked to send another electronic version of the self-study, minus the PHI or PII, to the visiting committee and the Commission office
  – **Program will be assessed administrative fee of $4,000**

Note: The most frequent finding of potential PHI relates to dates that may be associated with a patient. **Remove all dates** from your documents.
Authorized Enrollment for Advanced Programs-Reminder

- Annual Survey data profile for site visitors provides previous 5 years enrollment data
- “A request for an increase in enrollment [temporary or permanent] with all supporting documentation must be submitted in writing to the Commission by May 1 or November 1. A program must receive Commission approval for an increase in enrollment prior to publishing or announcing the additional positions or accepting additional students/residents.”
- **Retroactive permanent** increases in enrollment will not be considered. **Retroactive temporary** increases in enrollment may be considered due to special circumstances on a case-by-case basis.

Why Stay Informed on Standards Revisions?

• It is the program’s and site visitor’s obligation to stay up-to-date on the Standards for compliance.

• A program’s compliance is evaluated with accreditation standards ("must" statements) that have been adopted and implemented at the time of the site visit.

• Programs may need to modify the self-study if standards have been implemented during the self-study development process.
How to Stay Informed on Standards Revisions

- CODA helps you stay current by emailing you notifications [e.g., “CODA Communicator,” “CODA Alert,” emails to a specific set(s) of program directors, communities of interest]

- CODA conducts workshops and posts materials to its website

- Please access the CODA website periodically
A Reminder on the Structure of Standards

• The **MUST** statement is the requirement and mandatory for compliance.
• The **SHOULD** statement is a method to achieve the “must” but not mandatory.
• The **INTENT** statement provides clarification on the requirement; the reason and purpose, not exclusive or exhaustive.
• The **EXAMPLES OF EVIDENCE** are ways to document compliance, may include these items or other methods of documentation.
If in Doubt on Current Standards or Policies:

• Check the CODA website

Communicating with the Commission Office
Points of Contact

• The program director is responsible for the program and is considered CODA’s primary contact.

• If anyone other than the program director, CAO or CEO (e.g., coordinators or other faculty members or department chairs) contacts CODA for purposes of interpretation of policy, interpretation of Standards, reporting program changes, guidance on completing documents, etc., please be aware that CODA staff will not discuss program activities unless the program director is also involved in the discussion.

• CODA will communicate only with the program director, chief administrative officer and chief executive officer regarding confidential accreditation matters per policy. It is the responsibility of the program/institution to share information with others within the institution it deems necessary.
E-mails to the Commission Office

- Sometimes we receive emails from individuals using “secure” email systems where the recipient is asked to log into that system and create a password.
- Or, auto replies are sent to CODA requesting staff to register to be added to a list of approved senders to control spam.
- CODA staff is prohibited from opening links to third-party document repository sites and/or email systems.
Contact Information Changes

- Please be sure to let CODA know when there are changes in program leadership (program director, CAO, or CEO).
- According to Commission Policy these changes must be reported within 30 days of the change.
- In addition, please be sure to contact CODA if your contact information changes (e-mail address).
- Please provide us your address at your sponsoring institution as your business address for CODA’s record.
- This is especially important to ensure delivery of the Annual Survey and other important information.
- If you are also a site visitor, we really need to know this immediately as it can affect where you are able to serve as a site visitor.
