

## Background

The Commission on Dental Accreditation (CODA) Accreditation Standards for Advanced Dental Education Programs in Oral and Maxillofacial Radiology were adopted on August 9, 2024 with immediate implementation. Since that date, one (1) site visit has been conducted by visiting committees of CODA utilizing these standards.

Currently, the Standards include 82 “must” statements addressing 106 required areas of compliance.

This report presents the number of non-compliance areas cited by site visits conducted from August 9, 2024 through October 31, 2025. If special (focused or comprehensive), pre-enrollment or pre-graduation site visits were conducted during this period, citings from those visits are also included.

## Analysis

The distribution of citings is presented in Appendix 1. To ensure confidentiality, Frequency of Citings Reports will not be made available where a limited number (three or less) of programs have been visited.

## Summary

CODA will continue to receive reports annually which summarize the frequency of citings for each individual Standard, and will use the data to propose future revisions.

## Recommendation:

This report is informational in nature, no action requested.
