### **CONSIDERATION OF MATTERS RELATED TO ORAL MEDICINE EDUCATION**

**Informational Report on Oral Medicine Programs Annual Survey Curriculum Data (p. 1600)**: At its Winter 2015 meeting, the Commission directed that all Review Committees consider the informational report on aggregate data from the Curriculum Section of the Annual Survey in years when this data is available. At this meeting, the Oral Medicine RC reviewed the informational report on aggregate data from the Curriculum Section for the oral medicine programs conducted in August 2022. The RC discussed the data and noted there maybe confusion on how to answer some questions based on the responses received in the survey. Therefore, the RC believed the Annual Survey questions should be reviewed for possible modification and noted it will have the opportunity to do so at the Winter 2024 meeting.

**Recommendation**: This report is informational in nature and no action is required.

### **CONSIDERATION OF MATTERS RELATING TO MORE THAN ONE REVIEW COMMITTEE**

Matters related to more than one review committee are included in a separate report.

### **CONSIDERATION OF SITE VISITOR APPOINTMENTS TO THE COMMISSION ON DENTAL ACCREDITATION IN THE AREA OF ORAL MEDICINE EDUCATION**

The Review Committee on Oral Medicine Education (OM RC) considered site visitor appointments for 2023-2024. The Committee's recommendations on the appointments of individuals are included in a separate report.

### **CONSIDERATION OF MATTERS RELATED TO ACCREDITATION STATUS**

Matters related to accreditation status of programs are included in a separate report.
