CONSIDERATION OF MATTERS RELATED TO ORAL AND MAXilloFACIAL PATHOLOGY EDUCATION

Report on Oral and Maxillofacial Pathology Programs Annual Survey Curriculum Section (p. 800): The Review Committee on Oral and Maxillofacial Pathology Education (OMP RC) noted that the Annual Survey Curriculum Section is reviewed during the Winter Review Committee meeting in the year the survey will be distributed; which will next occur in August/September 2022. The OMP RC considered its discipline-specific Annual Survey Curriculum Section (Appendix 1, Policy Report p. 800).

At its Winter 2022 meeting, the OMP RC reviewed each question on the Annual Survey Curriculum Section and determined that the questions on the Curriculum Section for oral and maxillofacial pathology programs were appropriate in relation to the Accreditation Standards for Advanced Dental Education Programs in Oral and Maxillofacial Pathology. Therefore, the OMP RC recommended that the Curriculum Section for oral and maxillofacial pathology programs be retained with no changes.

Recommendation: It is recommended that the Commission on Dental Accreditation direct the Oral and Maxillofacial Pathology Annual Survey Curriculum Section for oral and maxillofacial pathology programs (Appendix 1, Policy Report p. 800) be retained with no changes for use in Fall 2022.
