

## **REPORT OF THE STANDING COMMITTEE ON NOMINATIONS**

**Background:** An ongoing responsibility of the Standing Committee on Nominations (Nominations Committee) includes recommendations to the Commission on Dental Accreditation (CODA) of qualified nominations to vacant positions on Review Committees and, in the case of public members, to vacant positions on Review Committees, the Commission, and the Appeal Board. Based upon review of position qualifications and submitted nominations, the Committee submits recommendations to the Commission for appointment of individuals.

**July 27, 2022 Meeting:** The Standing Committee on Nominations met on Wednesday, July 27, 2022 via a virtual meeting. The following members of the Nominations Committee were present: Dr. James Katancik (chair), Dr. Amid Ismail, Ms. Martha McCaslin, Dr. Nancy Rosenthal, and Dr. Marybeth Shaffer. Dr. Evanthia Anadioti, Dr. Barbara Krieg-Menning, and Dr. George Kushner were unable to attend. Dr. Sherin Tooks, director, Ms. Marjorie Hooper, operations coordinator, and Ms. Jamie Asher Hernandez, Ms. Kirsten Nadler, Ms. Jennifer Snow, and Ms. Peggy Soeldner, managers, CODA were in attendance. Ms. Cathryn Albrecht, senior associate general counsel, ADA/CODA, was also in attendance.

The Standing Committee considered the Criteria for Commission and Review Committee Members and the Policy on Simultaneous Service (**Appendix 1**), nominee qualifications, and upcoming vacancies on Review Committees and the Commission (**Appendix 2**). Additionally, nominating organization rankings were considered, as applicable.

Following consideration and discussion, the Committee recommends the Commission appoint the following individuals:

- Dr. Steven Bender
- Alternate: Dr. Aurelio Alonso

**New Business:** The Standing Committee on Nominations discussed three (3) new business items.

**Dental Laboratory Owner Nominated by the National Association of Dental Laboratories:** The Commission's Review Committee on Dental Laboratory Technology Education (DLT RC) includes one (1) member who is a "dental laboratory owner nominated by the National Association of Dental Laboratories" (NADL). The Nominations Committee noted that this position on the Review Committee is intended to provide the practicing and employer perspective. Upon review of the nominees submitted by the NADL, it was noted that the individuals did not appear to satisfy the criteria of "laboratory owner" as required by the Commission. The NADL reported to the Commission that the laboratory industry has changed and finding a laboratory owner is difficult. The NADL suggested alternate language to the Commission's criteria for a Review Committee member, as follows: "*an owner, manager, or dental laboratory technician employed by a commercial dental laboratory and/or manufacturer/distributor to the commercial dental laboratory industry that has interest and/or experience in formal education.*" Following discussion, the Nominations Committee believed that the Commission should review this matter to determine whether a change to the nomination criteria for a "dental laboratory owner" is warranted at this time. Alternately, the Commission may direct this topic to a Standing Committee for further consideration.

**Nomination Committee Recommendation:** It is recommended that the Commission on Dental Accreditation consider the criteria for "dental laboratory owner nominated by the National Association of Dental Laboratories" for the Dental Laboratory Technology Review Committee to determine whether revisions to this criteria are warranted at this time.

Public Member Nominations: The Nominations Committee noted the ongoing need for public members and the difficulty in finding public volunteers. The Nominations Committee reviewed the Commission’s criteria for a public member, noting that “the nominee should not have any formal or informal connection to the profession of dentistry.” Through discussion of nominations for upcoming vacant positions, the Nominations Committee noted that several public member nominees have current or very recent involvement with State Dental Boards. As such, the Nominations Committee was unsure of the appropriateness in forwarding these nominations to the Commission due to the criteria previously cited. The Nominations Committee discussed whether the Commission may wish to consider the nomination of a public member who is three (3) to five (5) years removed from service on a Dental Board, as long as there is no remaining connection to the Dental Board or its activities, and as long as the public member nominee has no other formal or information connection to dentistry. Following discussion, the Nominations Committee believed that the Commission should review this matter to determine whether further clarification to the criteria for public member nominations is warranted. Alternately, the Commission may direct this topic to a Standing Committee for further consideration.

**Nomination Committee Recommendation:** It is recommended that the Commission on Dental Accreditation consider the criteria for “Public/Consumer Nominees” for the Review Committee and Commission, to determine whether revisions to this criteria are warranted at this time.

Streamlining and Simplifying the Nomination Scoring Process: The Nominations Committee concluded its meeting with a brief discussion on the scoring system used to determine which nominations to forward to the Commission. The Committee noted that when a large number of nominations are received, for example in the general dentist category, it becomes difficult to distinguish nominations in a meaningful way. The Nominations Committee believed further study of the scoring process and potential development of additional mechanisms (i.e. ranking by mode rather than median votes; removal of first or second ranking; and inclusion of items to strengthen diversity of CODA’s volunteers) could be discussed through an Ad Hoc Committee of the Nominations Committee. Additionally, reviewing the current nomination form to include, for instance, information on licensure standing, private practice experience, and teaching experience to provide additional information on the nominee’s qualifications for review committee specific requirements.

**Nomination Committee Recommendation:** It is recommended that the Commission on Dental Accreditation direct the Nominations Committee to review its scoring process to better align with the needs of the Committee’s review.

## MISSION

The Commission on Dental Accreditation serves the public and dental professions by developing and implementing accreditation standards that promote and monitor the continuous quality and improvement of dental education programs.

Adopted August 5, 2016; Revised August 6, 2021

### A. REVIEW COMMITTEES AND REVIEW COMMITTEE MEETINGS

**Structure:** The chair of each Review Committee will be the appointed Commissioner from the relevant discipline.

- i. The Commission will appoint all Review Committee members.
  - a. Review Committee positions not designated as discipline-specific will be appointed from the Commission where feasible, e.g. a public representative on the Commission could be appointed to serve as the public member on the Dental Laboratory Technology Review Committee; an ADA appointee to the Commission could be appointed to the Dental Assisting Review Committee as the general dentist practitioner.
  - b. Discipline-specific positions on Review Committees will be filled by appointment by the Commission of an individual from a small group of qualified nominees (at least two) submitted by the relevant national organization, discipline-specific sponsoring organization or certifying board. Nominating organizations may elect to rank their nominees, if they so choose. If fewer than two (2) qualified nominees are submitted, the appointment process will be delayed until such time as the minimum number of required qualified nominations is received.
- ii. Consensus is the method used for decision making; however if consensus cannot be reached and a vote is required, then the Chair may only vote in the case of a tie (American Institute of Parliamentarians Standard Code of Parliamentary Procedures).
- iii. Member terms will be staggered, four year appointments; multiple terms may be served on the same or a different committee, with a one-year waiting period between terms. A maximum of two (2) terms may be served in total. The one-year waiting period between terms does not apply to public members.
- iv. One public member will be appointed to each committee. Following consideration of workload, public members may concurrently serve on more than one (1) review committee.
- v. The size of each Review Committee will be determined by the committee's workload.
- vi. As a committee's workload increases, additional members will be appointed while maintaining the balance between the number of content experts and non-content experts. Committees may formally request an additional member through New Business at Review Committee/Commission meetings. If an additional member is approved, this member must be a joint nomination from the professional organization and certifying board, as applicable.
- vii. Conflict of interest policies and procedures are applicable to all Review Committee members.
- viii. Review Committee members who have not been on a site visit within the last two (2) years prior to their appointment on a Review Committee should observe at least one site visit within their first year of service on the Review Committee.
- ix. In the case of less than 50% of discipline-specific experts, including the Chair, available for a review committee meeting, for specified agenda items or for the entire meeting, the Review Committee Chair may temporarily appoint an additional discipline-specific expert(s) with the approval of the CODA Director. The substitute should be a previous Review Committee member or an individual approved by both the Review Committee Chair and the CODA Director. The substitute would have the privileges of speaking, making motions and voting.

- x. Recommendations to the Commission from the Review Committee must be taken at meetings in which there is both a quorum and at least one (1) discipline-specific expert, other than the Chair, present.
- xi. Consent agendas may be used by Review Committees, when appropriate, and may be approved by a quorum of the Review Committee present at the meeting.  
Revised: 2/22; 8/20; 1/20; 8/18; 8/17; 2/15; 1/14, 2/13, 8/10, 7/09; 7/08; 7/07; Adopted: 1/06

## POLICY ON SIMULTANEOUS SERVICE

A member of the Commission on Dental Accreditation, including its Standing and Review Committees,\* and Appeal Board, may not simultaneously serve as a principal officer of another organization within any of the Commission's primary communities of interest if that organization has a role in appointing or co-appointing a member of the Commission. The Commission interprets principal officer to mean those in the position of being final decision-makers which usually includes positions such as the president, president-elect, immediate past president, secretary or treasurer of an organization, as well as members of any executive committee that has decision-making authority which does not require confirmation by a board or house. The Commission has defined primary community of interest in this context as any organizations who have a role in appointing Commissioners, and the Regional Clinical Testing Agencies. Additional criteria found in CODA's Rules for nominations apply during an individual's entire term on CODA.

When such a conflict is revealed at the time of appointment, the appointing organization will be informed that the conflict exists and requested to take steps to identify a replacement on the specific committee, Appeal Board, or Commission.

When such a conflict arises during the term of a current Commissioner, Review Committee, or Appeal Board member, the Commissioner, or Review Committee, or Appeal Board member will be asked to resolve the conflict by resigning from one of the conflicting appointments. In the event that the member resigns from the Commission or Appeal Board, the appointing organization will appoint another individual to complete the unfinished term, as specified by the *Rules* of the Commission on Dental Accreditation. In the event that the member resigns from the Review Committee, the Commission will contact the representative organization for nominations to fulfill the unfinished term.

If the term of the vacated Commission, Appeal Board, or Review Committee position has fifty percent (50%) or less of a full four-year term remaining at the time the successor member is appointed, the successor member shall be eligible for appointment to a new, consecutive four-year term. If more than fifty percent (50%) of the vacated term remains to be served at the time of the appointment, the successor member shall not be eligible for another term.

\*this applies to appointments made after 2013

Revised: 2/19; 8/18; 8/16; 2/16; 2/13, 7/09, 7/01, 7/95; Reaffirmed: 8/13; 8/10, 7/07
